The **Super-simple**, **AWESOME**,
made-for-schools program
that manages pests like no other.

try it today **IPMNOTICE.INFO** by wilmesllc

If you school district or public agency interested in using this software service please contact us at 310.947.9348 or via the web contact form below.

We provide two plans for your notification purposes.

The Standard - \$427 Annual Cost

This is our standard plan which is our most popular

with school districts. This plan contains all the features of the software and sends notices to parents on a District-wide basis.

Parents

If you are a parent and would like to receive notifications from the agency, please click on Parents above and enter your email address. There is no cost for you to receive notices.
